## SCHOOL ENUMERATION

Shows Gain of 18 Over Total of a  
Year Ago—Second District Leads.

Willimantic's enumeration of the  
school children has been completed by  
the enumerators and their accounts  
have been submitted to Louis B. Lin-  
coln, secretary of the town school  
committee. The reports show a net  
gain of 18 over the figures of a year  
ago and a constant gain since 1903.  
The figures at that time were 2,075  
and this year 2,093, a gain for the  
eight years of 18.  
The Enumeration: The number of  
persons over four and under sixteen  
years of age—in First district 920; in  
Second district 1,432; in outlying dis-  
tricts 265. The figures of the Second  
district indicate a gain over 1910 and  
this is accounted for by the large  
number of Polish people who now re-  
side in the Stone, Brick and Yellow  
rows. The Second district, for the  
first time in eight years, fell off, ac-  
cording to the season of a number of  
families living there.  
The Sodom section of the Second  
district makes a good showing with  
336, lives street, one of the shortest  
streets in the city, has a school en-  
rollment of 125.

adjourned for dinner. After dinner the  
discussion of the various health officers
